

**Quick Solutions for Standard Products, Components and Spare Parts.**

**ProFlex® C**  
Volumetric Feeder

Feed Rate: 1–9,500 dm<sup>3</sup>/h

**MULTISTREAM® B**  
Solids Flow Meter

Feed Rate: 1–100 t/h (max 80 m<sup>3</sup>/h)

**MULTISTREAM® G**  
Solids Flow Meter

Feed Rate: 400–1,000 t/h (max 1,250 m<sup>3</sup>/h)

## MULTIBELT® Belt Weighers

Feed Rate: up to 15,000 t/h

## Bin Weighers

## Platform Scales

Weighing Range: 60 to 3,000 kg

## Weighing Sensors & Mounts

Load Cells, Measuring Eyes, Weighbeams, Weighdiscs, Elastomer/Compact Mounts

eShop

A screenshot of the schenckprocess eShop website. The top part of the page features a world map with the continents labeled: SOUTH AMERICA, AFRICA, ASIA, and AUSTRALIA. Below the map, the text "schenckprocess" and "eShop" are displayed in a large, bold font. At the bottom, there is a message: "eShop nur für Standardkomponenten! Andere Produkte über Homepage!" and a button labeled "english" with a right-pointing triangle icon.

## Your Partner for Quickly Processing Standard Products.

Schenck Process is organised along five International Business Segments (IBS) so the company can provide tailored products and services for a wide range of requirements. These cater specifically for different sectors of industry.

### International Business Segments (IBS)

**HEAVY** Cement, gypsum, sand & gravel, steel and NF metals industries

**LIGHT** Chemicals, food, pharmaceuticals and plastics industries

**MINING** Mining industries

**POWER** Coal-fired power plants and associated industries

**TRANSPORT AUTOMATION** Transport automation processes by road, rail and port

### Schenck Process After Sales Business & Components

When it comes to proven standard products, components and spare parts for weighing and feeding and vibrating technology, we are a partner you can rely on.

Corporate Business Service (CBS) and After Sales Business & Components make up a separate division for rapidly processing spare parts and standard products.

### Acting locally to support your needs – Schenck Process is working where you are.

Schenck Process is the global market leader of solutions in measuring and process technologies in industrial weighing, feeding, screening and automation.

Schenck Process develops, manufactures and markets a full range of solutions, products and turnkey systems on the basis of combining process engineering expertise, reliable components and field-proven technology.
